AVAILABLE ON G90 29 GAUGE SMP UNI-RIB ONLY

For complete color coordination, most Lester Buildings colors and custom colors are available on doors and windows (surcharge may apply). Colors shown are manufacturer colors (comes standard, but may have an additional surcharge). Manufacturer colors shown compliment Lester's standard colors. See Lester Buildings Dealer/Rep for model availability and lead times.

Colors shown are representative only and are limited by printing and viewing conditions. Ask your Lester rep for painted metal samples. Colors and components are subject to change without notice. Custom colors must meet minimum square feet requirement. Oil-canning (perceived waviness) is inherent in the flat areas of steel panels and is not a cause for rejection. Lester Buildings reserves the right to discontinue or add colors at their discretion. Color variation may occur between Crinkle finish and standard Lester colors.

Rev. 3-2020

\*Meets Energy Star reflectivity standards. These colors have a lower roof surface temperature by up to 100°F, decreasing the amount of heat transferred into a building's interior, saving money and energy by reducing the amount of air conditioning needed to keep a building comfortable. Check EnergyStar.gov for available tax credits.

Colors shown are representative only and limited by printing and viewing conditions. For exact color representation, ask your Lester rep for samples. Colors and components featuring colors are subject to change without notice. Custom steel panel colors available upon request. Must meet minimum square feet requirement. Lester Buildings reserves the right to discontinue or add colors at their discretion.

Not all building features are represented in this photo. When making color selections for your building, be sure to review all component colors with your Lester sales rep.

Project: 512265 Walls: Sandstone Roof/Trim: Earth Brown

## COMPARE PAINT SYSTEMS

PAINT

### Better

**Sherwin-Williams WeatherXL™**  
Silicone Modified Polyester (SMP)  
Best value, combining reliable durability at a lower price

### Best

**Sherwin-Williams Fluorpon®**  
Polyvinylidene Fluoride (PVDF)  
More fade-resistant and is recommended for dark color roofs

**WARRANTY: Film Integrity:** 40 years **Chalk:** 30 years **Fade:** 30 years  
Visit [LesterBuildings.com](http://LesterBuildings.com) for more information about our paint systems and our paint warranty.

**SHERWIN-WILLIAMS.**  
*Coil Coatings*

Sherwin-Williams has been the exclusive paint supplier for Lester Buildings for more than 30 years. Our long-term partnership, coupled with Sherwin-Williams' 150 years of coating expertise brings a proven track record of quality, integrity and dependability.

As one of the leading paint manufacturers in the world, Sherwin-Williams is known for their innovation to the coatings industry. With an enduring commitment to durability and an ever-expanding palette of color, Sherwin-Williams offers unlimited color freedom.

## Limitless Color Options

Lester Buildings offers the most color combination options in the industry – for a design as unique as you are. As shown above, you can select colors for every component of your building. Showcase your style and enhance your property's curb appeal. Most customers select a combination of two or three colors. Typically the roof color matches the trim and accessories, with a contrasting wall color. As you can see, building color combinations are nearly limitless! For inspiration, visit [LesterBuildings.com](http://LesterBuildings.com) to see thousands of building photos.
